THE BAMBINO STAFF
of
RIVERSIDE HOSPITAL
SCHOOL OF NURSING
TOLEDO, OHIO
introduces
THE 1961 BAMBINO

ODE TO A STUDENT NURSE

Student nurses are found everywhere—underneath, on top of, running around, jumping over, or slithering past patients' beds.

Doctors yell at them, head nurses criticize them, interns tolerate them, residents overlook them, mothers worry about them, and patients love them.

Just when she is gaining prestige and poise—she drops a glass, breaks a syringe, or steps on a doctor's foot.

A student nurse is a composite—she eats like a team of hungry interns, and works like the whole nursing staff put together; she has the speed of a gazelle, the strength of an ox, the quickness of a cat, the endurance of a flagpole sitter, and the abilities of Florence Nightingale, Linda Richards, and Clara Barton all rolled into one.

To the head nurse she has the stability of mush, the fleetness of a snail, the mentality of a mule, and is held together with starch, adhesive tape, and strained nerves.

To an alumna she will never work as hard, carry more trays, make more beds, or scrub on more cases than her predecessors.

A student nurse likes—days off, men, the O.R., affiliations, certain doctors, pretty clothes, her roommate, Mom and Dad, and yes! her school of nursing. She's not much for—working 7-3, days off with classes, alarm clocks, getting up for a call, or eating corned beef every Thursday.

No one else gets more pleasure from straightening a wrinkled sheet or wetting a pair of parched lips.

No one else can cram into one little head the course of a disease, the bones comprising the pelvis, what to do when a patient is in shock, how to insert a cantor tube (especially at 3 a.m.) plus the ten top tunes on the hit parade.

A student nurse is a wonderful creature. You can criticize her, but you can't discourage her. You can hurt her feelings, but you can't make her quit. Might as well admit it, whether you are head nurse, doctor, alumna, or patient—who is your personal representative of your hospital, your living symbol of faith and sympathetic care? She may not be Elizabeth Taylor but she is an example of the American way. She is judged not by her race, religion, or social standards. She is measured by a professional yardstick that measures her ability to make a bed, apply a bandage or sacrifice her time to ease the pain of a patient, simply for the satisfaction of a job well done. She is hard working, a determined young girl doing her best for her school and hospital. Whenever she becomes discouraged or the lamp gets too heavy, she should remember that there is a reward waiting for her, because surely some of God's angels wear white caps instead of halos and carry medicine trays instead of harps.

Dedication

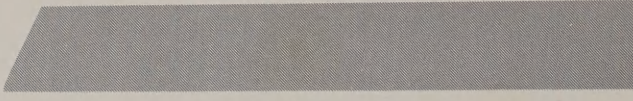

Miss Marjorie A. Roselle

Miss Marjorie A. Roselle, Director of Nursing, entered Riverside's portals in March of 1959. She has proven to be a great asset to our hospital family.

Miss Roselle has helped Riverside to achieve recognition as being the only hospital in Toledo having an Intensive Care Unit. Having an enthusiastic interest in tennis, she coached the students in the finer points of the game in the past year. She is always interested in all the activities of the students.

Having a sound reason behind every measure she introduces, Miss Roselle is constantly working toward advancement of Riverside Hospital. To Miss Marjorie A. Roselle we proudly dedicate this 1961 Bambino Yearbook.

Nightingale Pledge

"I solemnly pledge myself before God, and in the presence of this assembly, to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in his work and devote myself to the welfare of those committed to my care."

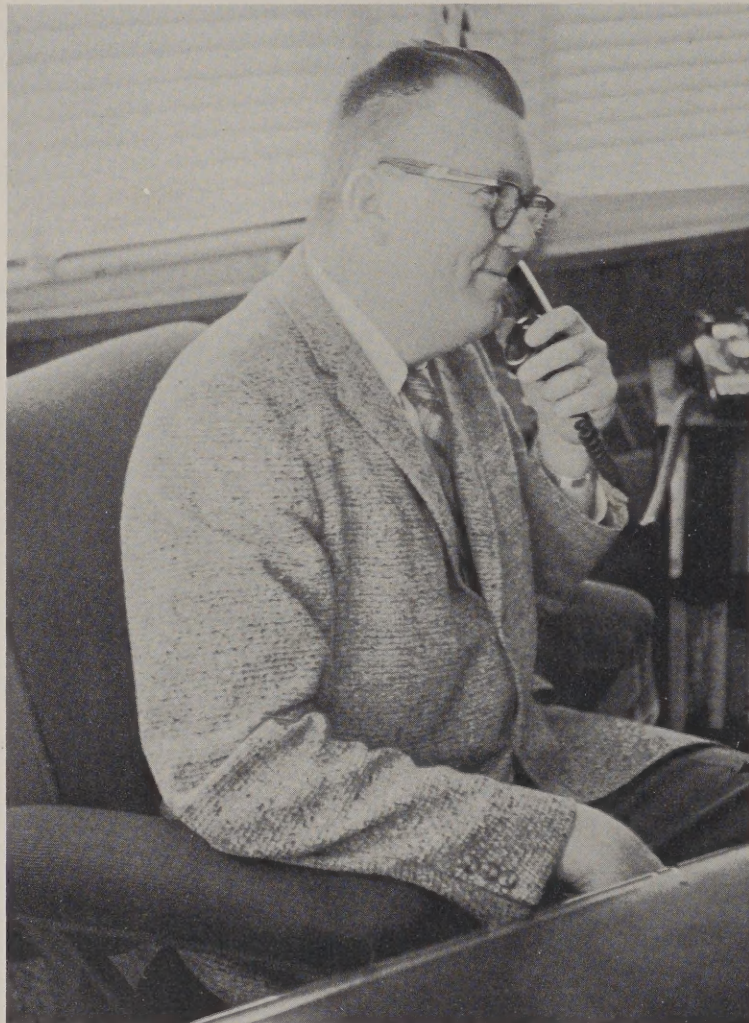

Administration

Staff

Faculty

Administration

KERMON A. PEDERSEN
Acting Administrator

After three years of study, you have accomplished something dear to you. Something you will have, something no one can take away - that of being a Graduate Nurse.

The time, study and effort has been trying. Yet the untiring application of your talents has led to a satisfactory end. You are to be congratulated for this achievement.

Now comes the time in your life when you can apply the knowledge you have gained, in serving the sick and injured. You, in white, have the respect of the patient, the doctor and those around you. Use your talents to serve with dignity and honor.

Congratulations and Best Wishes.

As Graduating Students of Riverside Hospital School of Nursing, you will take with you one of the most valuable characteristics in nursing. That is -- the Quality of Caring. Caring so much for your patient, that you will use every resource available for his welfare; Caring so much for the patient that you will do everything in your power for his comfort and well being; Caring so much that you will continue to seek and find the answers to problems which will change as concepts in medical and nursing care change.

May your ideals and faith in yourself, humanity and God bring happiness to you and honor to Riverside.

MISS MARJORIE A. ROSELLE
Director of Nursing

MRS. JANEAL SYACSURE
Associate Director of Nursing

Dear Graduates, may you have many wonderful years of happiness in service to your fellowman as you practice your chosen profession.

NON NOBIS SED ALIIS

A loud alarm at an early hour
Two sleepy eyes peep out at dawn:
Two listless arms stretch toward the skies;
Another nursing day goes on
NON NOBIS SED ALIIS!

Syringes, needles, charts, call lights,
Adhesive, sutures, 4 X 4's
An army of physicians orders
Multiply our daily chores
NON NOBIS SED ALIIS!

A mask of pain, a sob, a tear,
A broken bone, a gasp for air,
A bleeding wound, a dying moan,
Each call for true professional care
NON NOBIS SED ALIIS!

Someday, Dear Lord, you'll come to call
Each nurse to leave this mortal soil
Remember then our greatest joy
Was put to love and, yes, to toil
NON NOBIS SED ALIIS!
(Not for ourselves But for others)

CLASS HISTORY

Though September 2, 1958, may never go down in the annals of history, it will be remembered by twenty girls as the day they took the first step toward their chosen career of R.N.--that of entering Riverside Hospital School of Nursing. The first week was spent in being oriented to the school and surroundings. On September 25th we were awakened by cow bells and we were in the throes of initiation. Our "crowning glory" came on March 15, 1959 at St. Michael's-in-the-Hills Episcopal Church, when we received our caps.

Our first year was one steady stream of books, water fights, exams, bed making, baths, TPR's and BP's, enemas, douches, injections, and beginning classes of Medical-Surgical Nursing.

At the stroke of midnight, we added our second stripe and our Junior year officially began. There were more Medical-Surgical classes and clinical experience until December, when we ventured in different directions; specialities and Medical-Surgical floors at Riverside or affiliations at Detroit, Akron, or Toledo State, gaining confidence, growing in maturity, and becoming more proficient in our nursing skills.

With our Senior year at hand, we are fourteen in number. And the long awaited day of graduation becomes a reality. As we stand at the threshold of our chosen profession, we look back to the day we took our Nightingale Pledge, remembering its words and the responsibility it placed upon us. May God be ever with us, in whatever we choose to do, and help us to bring honor to the nursing profession. And may we always keep in mind our class motto, "We are educated not to make a living but to make living worth while."

A quiet miss, but watch her go.

Class Will and Testament

We, the members of the Senior Class of 1961 knowing that the end is in sight being of questionable sanity and run-down state of health, do hereby make, publish and declare this to be our last will and testament to be read in fond memory.

We, the Senior Class, do will our old uniforms, water fights, loud record players, locked doors, good humor, crowded rooms, ants, swing shifts and doubles, friendliness, and ability to survive to all up and comers.

ARTICLE I. To Mrs. Hennig, Class Advisor, we will the new incoming interns.

ARTICLE II. To the Junior Class, we do will Nursing Service.

ARTICLE III. To the Freshman Class, we do will our old battered up suit cases for affiliation.

I, Connie Cain, do will my ability to get into trouble (and the guilty looks that go along with it) to Rayetta Fordney.

I, Nan Spreng, do will my ability to have flat tires and the measles to any underclassmen who needs the exercise and/or the rest.

I, Wanda Pocs, do will my ability to annoy instructors by sleeping in class to any (un) fortunate underclassmen.

I, Norma Bacon, do will my love for Delivery and my ability to get along with the OB Supervisor, to Mary Beth Parsels and Kay Bockrath.

I, Marilyn Hoffman, do will my ability to spill tea on prominent physicians to Sharon Sagert.

I, Alice Graham, do will my ability to hide Dr. Good's black bag so he can't find it to Barbara Verdon.

I, Mary Ann Miller, do will my Michigan Spirit and license plates to that great Buckeye Rebel, Janet Buehler.

I, Joanne Whitehead, do will my love for the opposite sex to Joanne Snyder.

I, Karen Emch, do will my basketball bruises to Beverly Rizzo.

I, Martha Smith, do will my steel brace to any overworked student.

I, Peggy Griffith, do will my can of instant coffee to Bea Hetrick.

I, Eleanor Drayton, do will my straight face and bag of tricks to Jeanne Wilson.

I, Patricia Braun, do will my affiliation at Akron to Ann Byers.

I, Harriet Ramsey, do will my coppertone complexion to Marvene Yohnke.

History

Our Junior year was begun with a capping party and we proudly added our second green stripe to our caps. At the same time last fall we were busily engaged in Initiating the Pre-clinical class to their new life here. We welcomed Sharon Roof and Barbara Binkley, transfer students, into our class this year. In January we began to spread out beyond the walls of Riverside by starting our affiliations. Judy Pasman transferred to a School in Boston in February and we miss her very much.

Our activities included a bake sale, and selling sweatshirts and stationery. As a class, in the past two years we have shared many experiences which will never be forgotten. We are already looking forward to our Senior year with high hopes of greater things to come.

CLASS HISTORY

On September 6, 1960 the class of nineteen hundred and sixty-three was initiated into a new phase of life, that of late hours, sleepless nights, and many many books.

Highlighting our first year was capping, held on March 12, 1961, after which we settled down once again to begin the long journey toward our goal of becoming a registered nurse.

Miss T. S.N.A. Essay

"THIS IS MY WORK, MY BLESSING"

Many people may say, "Nursing a blessing? I wouldn't want to take care of sick people day in and day out. All of that hard work--and it would be so depressing. I just couldn't take it!"

But those very same people most surely have some very depressing moments in their own chosen fields of endeavor. It seems to me, that any position worth having at all, is worth hard work and has depressing as well as joyful moments. An what could bring about a more joyful feeling, than the knowledge that you helped save a life or had a part in returning an injured or disabled person to a more useful and fruitful life?

I think one of the best illustrations of nursing is an experience I had not very long ago. Let me share it with you: A five year old boy was brought to the Emergency Room in very critical condition. He had been struck by a truck on his way to the school bus that morning. This tragedy was very depressing to me--yet it was also very challenging. He spent many days in a coma--that darkness somewhere between life and death. Eventually, after many weeks, this little boy went home--recovered. The joy and satisfaction that I derived from knowing that my care, in some way--however small--may have helped him on his road to recovery, is beyond any human measure.

Nursing, most assuredly, is a blessing. Nurses are a blessing to a patient who may be incapacitated and cannot do for himself the things he normally would do when in a state of good health and well-being. The nurse does for him those things he cannot do--she is a blessing. She not only assists him physically, but she aids him emotionally and spiritually. When ill or hospitalized, a person's emotional and spiritual needs are especially great. Good nursing care, along with proper emotional and spiritual support are a blessing to him.

Nurses are a blessing to the doctor. The nurse is the person who is in most contact with the patient, and can help the doctor immeasurably with reports of her observations of the patient. Her accurate daily notations will paint the picture of the patient's progress. With this picture in mind, the doctor will be able to plan his his course of treatment with so much more ease than without. The nurse is also a blessing to the doctor when she carries out his orders with skill and intelligence, thus bringing about the therapeutic treatment wanted by the doctor and needed by the patient.

Nurses are a blessing to the community in general. Through her learning and knowledge, the nurse can help make the community a safer, healthier, happier, and a better informed one.

Yes, my work has its ups and downs; its sad moments and its glad moments. It has its tragic times, its trying times, its happy times, and its very weary times. But my work is my blessing when, at the end of a busy day, I can drop my shoes to the floor, lean my head back, prop my feet up, and relax for a few moments. And, in relaxing, I can whisper a prayer of thanks to God for "MY WORK---MY BLESSING."

Kitchen, built by the parents

Parents of the students have a club which meets once a month. At these meetings they plan ways and means by which they can make money to buy and do things in the home for the students.

In the past year they bought new equipment and rebuilt the kitchen in the Nurses home. Now they are planning in supplying dishes and silver for use of the students.

We, the students, wish to thank our parents for their thoughtfulness in helping to provide the little extras that makes our home here, a home away from home.
